

# The Weekly Settler

Newsletter of Settlers Lifestyle Village

**29th October 2020**

## **AGM**

A final reminder that the Annual General Meeting will be on Monday the second of November at 10.00am. We will only be running the shopping bus once on the 2<sup>nd</sup> November departing from the Village at 11.00am with the return pick up at 12.45.

## **Fire related issues**

The fire training was completed this week and we are now in the process of installing the folders and high viz jackets by the exit doors. The new evacuation notices are also being installed above the manual fire call points in all the buildings. Just a reminder to the main fire wardens of the buildings to complete and update the disability register with those that need assistance and who their 'buddy' is to provide this. Please return these to Sue when completed.

## **Melbourne Cup on Tuesday the 3<sup>rd</sup> November**

I know the excitement is building for the Melbourne Cup on Tuesday as everyone is selecting their attire for an afternoon at the races. As usual your "Melbourne Cup team" have been working vigorously in the background to make sure that the afternoon is full of fun and frivolity, hopefully with a lucky streak thrown in. The café will close at 1.30 that afternoon with no hot lunch being served, however it will re-open at 3.00pm with its Cup Menu ready to go.

## **Village Maintenance**

We are currently working in the background with the upgrading of the security access control system which controls the doors and gates. You may have noticed that some doors have been experiencing delays on opening and this has been a particular problem on Kaipatiki Block. We have an engineer on site tomorrow morning and they will be working through the issue.

Lucas block lift needs to undergo some maintenance that will require the lift to be put out of service. This has been planned for next Wednesday the 4<sup>th</sup> November. The lift will be out of service for a period of approximately five hours we have requested a start time of 09.30, but this is still to be confirmed.

Due to the recent restructure of our reception and café roles where we are moving to offer you our residents a 7-day service we are saying a sad farewell to Anne Hunt. Anne decided that she did not want to take on any extra hours, and her preference was to leave quietly without any fuss being made. We have really enjoyed working with Anne and will certainly miss her helpful and calm presence. All the best Anne from all the team at Settlers.

## Hello from the Nurses Niche

Hi everyone,

It was great to finally get our fire evacuation training completed this week. Thanks to those that let me know they couldn't make it. If you would like a catch-up to talk over the process please ring Sue to arrange a time. I would like to thank those that made it along and I hope you found it helpful and informative. I know I certainly have a better understanding of the overall systems we have in place as well as some of the differences, although the evacuation processes are pretty much the same where ever you live.

### **The main message is: IF YOU HEAR THE ALARM, EXIT THE BUILDING AND REPORT TO THE WARDEN**

This was the first training for the townhouses for quite some time and I am pleased that we now have a process in place for these areas too. Across the village attendance varied but Dobbryn deserves a mention as the only building with 100% attendance . Well done to you all.

The next step is to get the new folders into position. In order to do this, I need to have the assistance register completed and returned to me. You were all asked to let your warden know if you feel that you may need assistance to exit the building in a fire and identify a person/buddy who could assist you or to communicate to the warden that you need assistance or your whereabouts. I have had some folders returned to me with this not yet done. I will be contacting these wardens and returning the folders for you to complete this. Also, if you are temporality disabled for whatever reason you must let your warden know and get your name on the sheet. Unfortunately, I haven't been able to locate a crystal ball that channels this information directly through to the nurses, so we need your help here!!!

The other point I would like to reinforce is the importance of letting reception know if you will be out of the village overnight. We would like to know approximately how long you will be away and let us know when you are back. This could be a simple email, phone call or just call by reception.

If you are a fire warden can you please bring the blue folder back with the completed assistance register to Sue as soon as you can.. The next training will be a fire drill next year and as usual it will be my secret!!

### **FRIENDS AND NEIGHBOURS**

What wonderful weather we all enjoyed over Labour Weekend. For those of us in the 'non-labouring' position, life is really one long weekend! However, the real workforce deserve decent conditions on the first long weekend for some time! For the South Island cities their weekend weather was exceptional. With temperatures of 29 degrees it must have felt more like summer than spring. Mind you it dropped down to 13 degrees a few days later!

Now what do we have on our calendars after Labour Weekend? Melbourne Cup of course! Always a fun afternoon here at Settlers. It's like an extra Happy Hour in the week! The bar opens at 2 o'clock and finger food will be available from 3 pm. Get there early for the horse auction. Who knows, you

may become an owner of the most promising mare at the meeting! Stay around to see the actual race from Melbourne on our big screen.

## Dr Ludwig Treviranus

**Sunday 22nd November @ 3pm Settlers' Lodge**

The well-known concert pianist, Ludwig Treviranus, returns to Settlers to present a completely new programme.

Ludwig was born in Wellington and holds a Doctorate of Music from Florida State University where he studied under Dr. Read Gainsford. He has achieved distinction in

numerous competitions and teaches piano at the University of Waikato, Albany School of Music & Remuera Music Academy. In 2019 he performed a national tour with SoleMio.

2020 is the 250th anniversary of the birth of another Ludwig, this being Ludwig van Beethoven in 1770. Ludwig Treviranus is now touring his solo concert dedicated to his namesake and he will perform this at Settlers. The recital is aptly named "A Celebration of Beethoven's 250th Anniversary".

The programme will contain a selection of Beethoven's well-known piano works including Für Elise, Moonlight Sonata and Waldstein Sonata among others. He also has a surprise piece in line for us that pays tribute to the frontline workers during the Covid-19 pandemic.

Ludwig's achievements are many; he has numerous accomplishments to his credit, not only in the field of classical music but also in jazz. Space does not permit a comprehensive listing here. Please see the flyer on Settlers' notice board. Entry to the recital will be by donation.

## LIBRARY HIGHLIGHTS FOR OCTOBER 2020

The number of new residents joining our village community is reflected in the number of new books that have been added to the Library during this last month, a number by lesser known authors to those of us working in the library.

While we welcome the new additions, it does mean that we look carefully at date stamps in the existing books. Those that show they haven't been read recently tend to be put out for discard recognizing that it may have been a valuable book for its donor in earlier days. Abundant space is, unfortunately, something we do not have!

Among the new additions I have chosen to look at the following:

- ***Hidden Figures* by Margot Lee Shetterley**, published in 2016 and covering the years 1930 to 1960, the book chronicles and celebrates the remarkable accomplishments of four African-American female math whizzes who worked for NASA during segregation, an age of inequality and without the aid of modern computer technology. Some may have seen the motion picture.
- ***The Girl in the Mirror* by Rose Carlyle**. The author is a New Zealander, and her debut psychological thriller has earned her intense interest from Hollywood and a major movie deal is already signed. An experienced sailor, the story is based on some of Carlyle's experiences and features parts of the ocean with which she is familiar. The main characters, twin sisters, are identical on the outside but, as the blurb says, 'dangerously different' on the inside. A gripping read.
- ***Wild* by Kristin Hannah**. When a solitary, speechless child appears from the forests in the Pacific Northwest of the USA a child psychiatrist, seeking a new start, takes her case and is determined to free her from her fear and isolation, unravel her past and re-establish her in a new home. As the previous Kristin Hannah books I have read have been based on WWII, this will be different but I am sure will feature the resilience of the human spirit which has marked earlier novels by this writer.
- ***The Last Voyage of Mrs Henry Parker* by Joanna Nell**. A carefully thought out book about the devastation of family life caused by dementia. While for some of us this is a sensitive issue the author treats the topic with understanding and respect. Some of you may have read the earlier novel by this writer – *The Single Ladies of the Jacaranda Retirement Village*. Nell, born and educated in medicine in the UK, is now a Sydney based writer and GP.
- ***Before the Poison, No Cure for Love & When the Music's Over* all by Peter Robinson**, an English-Canadian crime writer whose novels are set in Yorkshire and feature Inspector Alan Banks. *Before the Poison*, pub. 2011, does not belong to the series but the other two, pub. 2015 & 2016 do.
- ***The Rosie Result* by Graeme Simsion** is the 2019 novel by Australian Simsion which completes the Don Tillman trilogy, following on *The Rosie Project*, & the *The Rosie Effect*. The family have returned to Australia after some time in New York and son Hudson is having some difficulty adapting to changed schooling. You may find the style of parenting different!
- ***Jarulan by the River* by Lily Woodhouse**. This is a historical novel/family saga based around a grand old, decaying homestead in rural northern New South Wales and spans the time from 1917 to the present. Of course, there is a love story woven through involving a maid who comes from Germany after WWI to work at Jarulan. One critic describes the book as being let down by its structure, but its writing style was found to be pleasing.
- ***The Farm* by Joanne Ramos** Joanne Ramos's thrilling but flawed debut novel is a colonisation story set inside Golden Oaks, a baby farm in Massachusetts where wealthy fetuses occupy immigrant bodies. These grateful "hosts" are mostly black or "mild and service-oriented" Filipinos. "Premiere Hosts" are white, pretty and "smart, but not intimidatingly so". They carry babies for career women and ageing billionaires while having their every move watched etc. Although sensitively written it is all about exploitation and the influence of money!

There are a number of other interesting titles on the list above the new additions shelf, several by authors whose work we already hold so check to see if there is a 'new' title for you.

As usual a reminder about **signing out your book** in the Issues book with date, Apartment number, title and author and a date stamp on the inside back cover. When returning please put in the Returns Box with a Best Read card if you want to recommend it to others.
